Shift+ Fusion
Four-legged table.

Frame consisting of welded round steel-tube legs with set-back rectangular steel-tube casing frame, in each case powder-coated. Optionally with tube-in-tube hexagon key height adjustment (see table). Tables with glides for hard or soft floors or with 2-component universal glides, or with 4 lockable castors. Model 01448 is stackable, up to 8.
Table in 7 fixed heights or with 5-position Allen-key height adjustment.
Tabletop made from melamine resin or laminate-coated LIGNOpal chipboard with glued plastic edge or high-strength solid HPL top. All with round corners.
The following material groups are available to choose from: Frame made of steel: M1; Top made of chipboard: L4; HPL-top: L4; Chipboard with laminate: L2,(white writable).
