

PRODUCT INFORMATION HeroTurn_TY_EN - 14.02.2019 - www.vs-furniture.com

Hero-Turn Swivel Chair.

Seat and backrest of moulded plastic parts with upholstered covers or backrest with black net covering.

Star foot of diecast aluminium or black plastic, in each case with hard or soft castors having load-dependent braking.

Armrests (optional): With height and width adjustment or 4D armrests, additionally depth-adjustable and swivelable.

Function (optional): With height adjustment of the seat and with the Autofit-Synchron Mechanism, i.e. with a backrest that automatically follows the movements of the body, depending on the weight, and at the same time tilts the seat surface slightly rearwards. With seat depth and inclination adjustment, adjustable lumbar support, seat depth suspension and adjustable headrest.

The following material groups are available to choose from: Frame made of metal: M(black, brilliant silver, polished Alu); Backrest rear side made of plastic: C; Fabric cover: S26,36,45,47,48.
