## Clapp-4R Folding table with round tubular legs.

Frame consisting of two rectangular tubular steel edgings along the long side, screwed rigidly to the tabletop. The two U-shaped leg brackets made from round tubular steel are activated by means of a folding mechanism with safety bracket and then locked in place when open or closed. The leg brackets are chrome-plated or coloured and edgings are black powder-coated with epoxy resin. The table legs have levelling screws, glide elements for hard or soft floorings.

Tabletop made from 19-mm melamine resin-coated chipboard with glued plastic edge or from highly rigid 13-mm HPL solid board. Equipped with angled corners in all cases.

Equipped with stack protection to prevent scratches and damage to surfaces. A stacking cart can be used to transport the folded tables.

The following material groups are available to choose from: Frame made of steel: M1,(chrome-plated); Top made of chipboard: L6; HPL-top: L4.
