

PRODUCT INFORMATION LiteBench-ST_TY_US - 11.10.2023 - www.vsamerica.com

LiteBench-ST Stackable bench.

Frame made from welded round tubular steel legs with all-round rectangular tubular steel top frame, all powder-coated. Because the inner and outer legs are arranged in pairs, the bench is stackable. What is more, they can be rotated to form continuous rows. The edge of the top frame is equipped with stacking and glide protection. Benches with glides for hard or soft floors or with 2-component glides.

Bench in 6 fixed heights.

Seat top with a melamine or laminate-coated LIGNOpal chipboard top and glued plastic edge or a HPL top.

The following material groups are available to choose from: Frame made of steel: M1; Top made of chipboard: L4; HPL-top: L4.
