

PRODUCT INFORMATION Lounge-SitRund_TY_US - 29.11.2021 - www.vsamerica.com

Series Lounge Curved seating elements NoBack, LowBack and HiBack.

Range of upholstered furniture including stool, bench, armchair and sofa elements – based on the use of curved 60° or 90° elements with low, high or no backrest. With functional gap between the seating surface and backrest for the insertion of variable-position armrests.

Design consisting of a stable, wood-based body with foam cushioning and cotton wool fleece lining.

Frame made from circular steel brackets with two seating heights with plastic, felt or dual-component universal glide elements and height adjustment.

Combination. Individual elements can be combined to form seating landscapes as required.

The following material groups are available to choose from: Frame made of steel: M(chrome-plated, black RAL 9011); Fabric cover: S46,51,74,78,79,80.
