

TECHNICAL DESCRIPTION S800-Vor1_TB_US - 07.11.2023 - www.vsamerica.com

Series 800 Preliminary remark - grid system.

Series 800 element cabinets are made from melamine-resin-coated chipboard with glue-on plastic or beech edge. Cabinets are available in 6 widths, 6 heights and 2 depths. One height grid (1FH) corresponds to 14 3/4". Add-on cabinets are available 1, 2 and 3FH without [1] and with [2] base for a ladder rail to be installed (cf. table). In addition, many models (without technical built-in components) can be variably shortened in the width, height and depth dimensions in five-millimetre increments and thus built for a perfect fit in all room situations. Top shelves are placed on the side walls and thereby form a cleanly structured top cover for low cabinets. Cabinet fronts (7/8") and further protruding parts such as handles for example are not taken into consideration in the depth specifications.

Erection: Models from a height of 77 5/8" or models with drawers and/or pullouts (DGV Regel 108-007) must be secured to the wall or floor.

The following material groups are available to choose from: Front made of chipboard: L3; Body and bases made of chipboard: L6; Front veneered: F1.

Series 800	File height (14 3/4")	1FH	2FH	3FH	4FH	5FH	6FH	
	Cabinet	h without base		30 3/8"	45 1/8"	59 7/8"	74 5/8"	89 3/8"
		h with base 3"		33 1/4"	48 1/8"	62 7/8"	77 5/8"	92 3/8"
	Add-on cabinet	h without base	14 3/4"	29 1/2"	44 3/8"			
h with base 3" (ladder rail)		17 3/4"	32 1/2"	47 1/4"
