## Series 901 45° angled table II with two C-shaped feet.

Construction with a tubular-steel cross-member positioned parallel to the back edge with welded-on brackets. Tabletop of melamine-resin, veneered or linoleum-covered chipboard with plastic or wooden edges. The corners are either square or rounded.

Electrification (optional) is provided 1.) by means of push-on plastic cable clips or 2.) by two fabric troughs which are hinged on both sides.

Cable outlets (optional) are achieved 1.) through a maximum of 4 metal outlets or 2.) by means of an E-Box for power and data connections, in each case on the left, in the middle and on the right.

Supporting element (refer to table for position) consists of two C-shaped feet of powder-coated steel.

The following material groups are available to choose from: Frame made of steel tube: M2; Top made of chipboard: L6; Top made of linoleum: L8; Top veneered: F1.
